RE: SINGING HILLS ESTATES APPROVAL OF DUE DATE EXTENSION
GPA09-009, SP04-005, RO4-012, TM5380

Dear Hedy:

The Department has received your request for a due date extension from REC Civil Engineering & Consulting for submittal of information requested in the DPLU EIR Request Letter dated December 15, 2009. After reviewing your request and the circumstances of your project, the Department hereby grants approval of a 180-day due date extension. Therefore, the information/documents requested in the DPLU EIR Scoping Letter dated December 15, 2009 are now due on **December 6, 2010**.

BOARD POLICY I-137

Please be advised that pursuant to Board of Supervisors Policy I-137, your project may be placed into Idle Status if the required information and/or document(s) are not received within 12 months from the due date specified in the DPLU EIR Request Letter dated December 15, 2009 and/or if the financial account tied to your project remained in a negative balance for more than 90 days after the date of a written request for an additional deposit. The DPLU records indicate that your project has been inactive since June 8, 2010. Based on this information, your project will be placed in Idle Status if the required information and/or document(s) are not received by **June 8, 2011**. For more information on Board Policy I-137, please visit the County's website at [http://www.sdcounty.ca.gov/dplu/docs/Inactive Case Board Policy-11.3.09.pdf](http://www.sdcounty.ca.gov/dplu/docs/Inactive%20Case%20Board%20Policy-11.3.09.pdf) and <http://www.sdcounty.ca.gov/dplu/docs/907.pdf> for the FAQ Sheet on Processing of Inactive and Deficit Projects.

FURTHER EXTENSIONS

While the Director may be reluctant to grant further extensions of this due date, another extension may be considered based upon the submittal of a notification submitted in writing, signed and dated by the project applicant. The notification must include a revised submittal date and a brief rationale for the extension.

Pursuant to Board Policy I-137, the Director will not grant extensions that total more than 12 months past the due date specified in the most recent County correspondence letter. However, another extension may be considered based upon the submittal of a notification submitted in writing, signed and dated by the project applicant. The notification must include a revised submittal date and a brief rationale for the extension.

DEPARTMENT RECOMMENDATION

Comments and information in this letter, or lack thereof, should not be construed as the Department implying an overall recommendation or decision on your project. The Department of Planning and Land Use generally makes a final recommendation or decision to approve or deny a project when all planning analysis and environmental documentation is complete and, if applicable, Planning Group input is received.

If you have questions in regard to future submittals or additional due date extensions, please contact me at (858) 694-3091 or by e-mail at david.sibbet@sdcounty.ca.gov.

Sincerely,

David Sibbet, Project Manager
Project Planning Division
